CampusLearning

Academic Services and  
Enterprise Support for Moodle

### OVERVIEW

CampusLearning is a powerful suite of services for e-Learning from Campus Management Corporation, offering you robust, turnkey commercial support for Moodle, the world's most widely used open-source course management software.

CampusLearning solutions include world-class hosting, academic consulting, training, updates and enhancements for your moodle system, and 24/7 help desk support for your users.

For institutions using our CampusVue™ and CampusPortal™ systems, you can harness deep integration between Moodle and your administrative suite—to provide unmatched access, ease-of-use for your students, instructors and staff.
